---

John/Gary,

I just finished talking with David and Carl . David had some questions and I provide information.  
David is going to send comments this weekend.

Gary, David recommended that we move the meeting with Harris County till around 3:00 pm or later. He is concern that something may leak out before the community meeting.  
We can just tell Harris County that something came up and we need to move the meeting to later in the afternoon.
